

BYOB CubeSat Workshop

Important Dates:

UK Space Agency Conference: 16-17 July 2013
Bring Your Own Boards Workshop: 19 July 2013
AMSAT Colloquium 2013: 20-21 July 2013

While you are nearby for the UK Space Agency Conference in Glasgow, Surrey Space Centre (SSC) & AMSAT-UK invite anyone with CubeSat equipment to a **'Bring Your Own Board'** (BYOB) workshop. The aims are to demonstrate your latest CubeSat developments, to foster new partnerships & links within the UK and EU community, and encouraging more interaction with AMSAT-UK & the Colloquium (more info at: <http://amsat-uk.org/colloquium/colloquium-2013/>).

The workshop is free to attend or present at & we will attempt to accommodate everyone in one form or another! Opening times are aimed at from 9 AM to 4 PM, after which there will be the AMSAT Beginners Session. We will also provide ad-hoc tours to SSC's new cleanroom, ground-station, and CubeSat experimentation facilities.

Information for Demonstrators:

- Must have working hardware for demonstrating to visitors. I.e. TRL 5-6 & above.
- Provide a 1 slide overview of their developments & how it can benefit new UK missions for public show.
- We will provide a 1.5 m table, power & 1 m poster area.

Sign up: If you are interested in attending or demonstrating, please contact Dr Chris Bridges so we can guarantee you a table & to estimate numbers.

Poster Stands (if required)
